

The 2021 Red Bird Guidelines

The red bird entry portion of the race can be entered by any Red/mealy pigeons for an additional \$75. The red/mealy pigeons can bypass the rotation and be placed by you in the loft of your choosing assuming you have made arrangements with the handler. All of the reds and silvers will fly for the additional prize money which will be split with the handler 50/50. We usually pay at least 3 prizes. You can enter any of your reds/silvers as you see fit. for instance, if you enter a 3-bird team for \$300 and 1 of them is red you could pay an extra \$75 and enter the red bird portion of the race and by pass the rotation. If 2 of the 3 are reds, you would pay an additional \$150 and 2 birds are in the red bird race and you would bypass the rotation.
